

## **ISOQualitas to Launch Consulting Partner Program for Auto Parts Manufacturing Product Lifecycle Management (PLM) Software (Released by Flevy.com)**

**(Manhattan) February 1, 2017** – ISOQualitas has partnered with Flevy to launch a Consulting Partner Program (<http://flevy.com/isoqualitas>) to drive adoption of its flagship product, ISOQualitas.PLM. ISOQualitas.PLM is a comprehensive and integrated software that optimizes all Product Lifecycle Management (PLM) activities—from Advanced Product Quality Planning (APQP), through the Production Part Approval Process (PPAP), and all the way to manufacturing with nonconformities and Corrective Action and Preventative Action (CAPA) management—according to the requirements and standards of the automotive industry.

ISOQualitas.PLM is an industry leading quality management software that enables auto parts manufacturers to fully comply with quality management standards IATF-16949, VDA, EAQF and reference manuals APQP, PPAP, FMEA, SPC, MSA, VDA2, and others set by the automotive industry. Furthermore, ISOQualitas.PLM also enables auto part suppliers to meet specific requirements from global automotive manufacturers (Phased PPAP, QSB, Plan de Surveillance).

Flevy is an online marketplace for consulting frameworks and tools. Together, ISOQualitas and Flevy have launched the ISOQualitas Consulting Partner Program to collaborate with Quality Management and Assurance, Lean Six Sigma, and Manufacturing consultants. This program provides an opportunity for consulting partners to: 1) create recurring, passive income (through commission of ISOQualitas licensing), 2) offering additional consulting services to existing clients, and 3) serve new consulting clients (referred through Flevy and ISOQualitas).

More information about ISOQualitas.PLM and the ISOQualitas Consulting Partner Program can be found here:

### **About Flevy**

Flevy is the marketplace for premium business documents. Documents range from business strategy frameworks to financial models to PowerPoint templates. These business documents are of the same caliber as those produced by top tier management consulting firms, such as McKinsey, BCG, Bain, Accenture, and Deloitte. Most documents were developed by seasoned executives and consultants with 20+ years of experience. Flevy was founded under the principle

that companies waste a lot of time and money recreating the same foundational business documents. All organizations, from startups to large enterprises, can use Flevy, whether it's to jumpstart projects, to find reference or comparison materials, or just to learn. Individual business professionals can monetize their business documents by listing them on Flevy.
